

Stop the spread of Monkeypox in the U.S.

Wash your hands.

Or use hand sanitizer.

Know the symptoms

Rash

Fever

Chills

Transmission

Direct human contact:

- **Face-to-face**
- **Skin-to-skin**
- **Hugging, massaging**
- **Oral & sexual touches**

Contact with objects & fabrics used by person with the virus:

- **Clothing**
- **Bedding**
- **Towels**

**The risk to most people is low.
But knowledge keeps us healthy!**
